Respiratory Protection None required.

Hand protection Not required for normal use. For prolonged use wear rubber gloves.

Eye protection Safety glasses are not required.

Skin protection Not required for normal use.

Hygienic work practices Do not smoke in work area.

9. Physical and Chemical Properties

Appearance Clear Liquid

Odour Typical.

PH value at 20 C 5.0 – 7.0 at 20 C

Relative density 0.95 at 20C

Solubility Soluble in water

Viscosity <150 poise @20C

10. Stability and Reactivity

This product is stable under all normal conditions of use. Protect from freezing.

Avoid excessive heat for long periods.

11. Toxicological Information

This product, based on available data, the classification criteria are not met.

12. Ecological Information

This product is not known to cause any adverse environmental effects when used according to the instructions.

13. Disposal Considerations

Dispose of any bulk material as industrial waste according to local authority waste regulations.

14. Transport Information

This product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID). UN number – not applicable.

Transport in bulk according to Annex II of MARPOL 73/78 – Information not relevant.

15. Regulatory Information

This product has been classified and marked in accordance with directives on hazardous materials.

16. Other Information

For additional information regarding this product see the product data sheet and label or contact the supplier.
